Dear Bob

Wanted to wish you a Happy Easter...enjoy your day! Also wanted to find out if you got my biographical sketch? Oh, by the way Billy Lomnicki is going to the 50 year reunion with me. I told him about the reunion and he offered to share the evening with me. Billy was class of 1963. I hope again that you are keeping in mind of also sharing the night with the class of 1964. No...I'm not nagging.

Love Moe (Maureen Uss)

Editor note... Got it and it is on line at the website...with several others. Not many have responded. Check out the website...still working on another presentation.

VINEGAR

1. Freshen up the fridge. Clean the shelves and walls with a solution of half water and half vinegar.
2. Brighten coffee cups and teacups. Gently scrub stains with equal parts vinegar and salt (or baking soda).
3. Eliminate odors. Swab plastic containers with a cloth dampened with vinegar.
4. Kill bathroom germs. Spray full-strength vinegar around the sink and tub. Wipe clean with a damp cloth.
5. Save a garment. To remove light scorch marks on fabrics, rub gently with vinegar. Wipe with a clean cloth. This technique also works on antiperspirant stains.
6. Tidy up a toilet. Pour a cup or more of diluted white distilled vinegar into the bowl. Let sit several hours or overnight. Scrub well with a toilet brush and flush.
7. Lose the carpet stain. Make a paste of 2 tablespoons white distilled vinegar and $\frac{1}{4}$ cup salt or baking soda. Rub into the stain and let dry. Vacuum the residue the next day. (Always test an out-of-sight part of the carpet first.)
8. Renew paint brushes. To remove old paint, place brushes in a pot with vinegar. Soak for an hour, then turn on the stove and bring the vinegar to a simmer. Drain and rinse clean.
9. Wipe off a dirty faucet. To get rid of lime buildup, make a paste of 1 teaspoon vinegar and 2 tablespoons salt. Apply to sink fixtures and rub with a cloth.
10. Stop static cling. Add $\frac{1}{2}$ cup of white distilled vinegar to your wash cycle. The acid reduces static and keeps dryer lint from sticking to your clothes.

A friend recently said to me, "it's too bad you never had a chance at retiring in your home in the Poconos Mountains of Pennsylvania" This is a home that was built for weekend enjoyment away from New York and would eventually be our retirement house. This, too, was before my wife Joyce Gabrielsen Casale was diagnosed with Alzheimers.

Joyce contacted an architect in 1988 who lived nearby to the community we settled in, Towamensing Trails in Albrightsville. She had this design in her mind and together they came up with a magnificent home. The entire project was Joyce's baby starting with the selection of material that would be used in construction. Her selection of faucets and fixtures were high quality. Joyce decided to paint the interior of the house with only one color, a creamy white. The carpet in the entire house was a Berber that was a grayish color. The tile work in the bathrooms, kitchen and foyer was her design. The installer was Tom Ofenloch, a graduate of Hicksville High and retired from Hicksville Water. It took almost a week to complete the work.

Joyce moved there permanently and at least had from 2000 to 2005 to enjoy living in her dream house. She loved the comfort and then came the diagnosis. She needed full time care but I was still working. The only solution was for her to move to Augusta, Georgia where our daughter Dawn was living. Dawn would become her caregiver. It pained me to sell the Poconos House. Ces't La Vie.

Thought I would share some of the memories with her friends whom she cherished.

Love yah

HOMEMADE MOSQUITO TRAP:

Items needed:

- 1 cup of water
- 1/4 cup of brown sugar
- 1 gram of yeast
- 1 2-liter bottle

HOW:

1. Cut the plastic bottle in half.
2. Mix brown sugar with hot water. Let cool. When cold, pour in the bottom half of the bottle.
3. Add the yeast. No need to mix. It creates carbon dioxide, which attracts mosquitoes.
4. Place the funnel part, upside down, into the other half of the bottle, taping them together if desired.
5. Wrap the bottle with something black, leaving the top uncovered, and place it outside in an area away from your normal gathering area. (Mosquitoes are also drawn to the color black.)

Change the solution every 2 weeks for continuous control.

Hey Bob

Ed was my older brother. Ed passed August 1, 1994, a victim of Pancreatic & Liver cancer. There's a Scholarship established at Albany State in his name for kids that are pursuing a career in human resources. I don't maintain contact with his widow so don't have much else to contribute. They had 2 children, first Amy and then Adam. Eddie was a very quiet good guy who really took pride in being a good husband and father. He deserved a better fate than the hand he was dealt!

50-Year Reunion

Hi Bob

I found another one of my old friends from the HHS class of '64, Robert Koren. Bob thinks he will be able to make the reunion. Let's keep em' coming!

Arnie Gould

Bob,

This photo is from the 1964 senior prom, which somehow has survived the passage of the years. My date was Donna Lee Bain, a member of our class. I ran into her once in Hicksville, I believe in 1969, and she was then teaching in a middle school in Cohoes, NY, and married to another of our classmates, Greg Basso. That was the first and last post-graduation contact I had with her. I hope you receive lots of bios. Although I won't be able to attend to reunion, I'm interested in learning what became of my classmates. Thanks again for the work you're putting into this project!

HIGH SCHOOL REUNION

Dear Class of 1964

Go to the Reunion Website <http://64.hixreunion.com/> and check out the menu items. Not all have been opened but there are several that should be interesting. Still hope that some of you get involved and send information, email addresses, pictures from the prom, from the senior trip, from parties, etc. I would love to do a presentation that shows some of the good times you had in high school.

Most important is the night of the reunion. I want lotsa pictures and hopefully many will have names with the faces. It would be great if one person could be assigned the task of taking a picture of each person who checks in at the reunion. Tough times prevail when the night gets into full swing and many forget to take pictures.

Thanks

In the popularity poll pictures you identify PEGGY Ingino with the wrong first name (Joan) in 2 of the 3 pictures you show. And in the In Memoriam, you might want to check on the photo of Diane Maynard...the one you show may not be correct...just my 2 cents...

Thanks for picking up on my errors and adding your 2 cents. I'm changing everything this morning.

I'll have to be more careful going forward.

p.s. I put Elaine Maynard instead of Diane

In the people planning to attend the reunion you show a photo of Joan Lawlor Roehrig and mention next to her name...Rob...FYI Rob Roehrig is also a member of the class of 64 and his photo is available in the year-book...2 cents more!!!

Larry...I'm feeling "a day late and a dollar short." I'm trying to fix this next "faux pas." I'm sure with the help of Roger Whitaker, our webmaster, we can straighten this out.

In the In Memoriam, I was really shocked to see Ed Goldmacher's name...do you have any details on his passing? Ed was the guy who greeted all of us on the PA System every morning with "Good Morning Faculty and Fellow Students...please rise for the salute to the flag" followed by the daily announcements...Ed was a great guy who had a wonderful sense of humor which was evident every day in his announcements...I won't bother you again!

Fifty Year Reunion

HIGH SCHOOL

REUNION

Dear Bob,

I spoke with representative of the principal today. We are going to do tour of high school 9am on Saturday morning, September 13th. From 10am onward, the whole Hicksville community plus different clubs within the school are running a carnival/fair event on the grounds of the high school that culminates with homecoming/football game around 1pm/2pm that same day. Our classmates after tour can roam around school grounds taking in the different events going on there in the morning. We then can meet around noon at the Sweet Shop for lunch/ice cream malts then sit in stands with our customized Class of 1964 banner and watch Hicksville play MacArthur High School. Around 4pm or so go to Gregory Museum and still have time to get back to Holiday Inn for reunion at 7pm.

So far, we now have 14 paid attendees. 8 rooms booked at Holiday Inn, 12 rooms left. After they are gone, nearby Melville Marriot or Sheraton or Western Inn are our choices for those wanting a nearby room to stay in.

Sincerely,

John Maniec

Dear Classmates

David Rubin has been an editor of HixNews since May of 2011. He's the dude responsible for taking all the material provided each month and putting it into a PDF format that eventually goes to Roger Whitaker who posts the final product to the Newsletter section. We recently received the following note from David...

Hello all:

Hope you are all well and enjoying the good weather!

I'm sad to say that work is cutting more and more into my time at home. In this economy, you can't turn away new jobs or work! But that is cutting into the time I can devote to the newsletter. In trying to keep a balance between all things, I'm afraid I'm going to have to take a break from the newsletter. Can you start a search for a replacement? I can provide a couple of more months.

It has been a fun ride with some great people! I've enjoyed every month with you!

All my best!

David

So we are making an appeal to the readership for someone to consider taking on the responsibility of creating the PDF Newsletter page. Anyone interested, please send a note to the editors@hixnews.com

Thanks

Warm Regards

The Gang at HixNews

Hello Hixnews.

Now that I am retired and taking care of the house and myself, all by myself, I hardly have time for sleep and bathroom. I might need to cut down on one of those just to get the things done that need to be done. Did I really ever get anything done around here when I had a full-time job. How did that happen?

Good luck in your search.

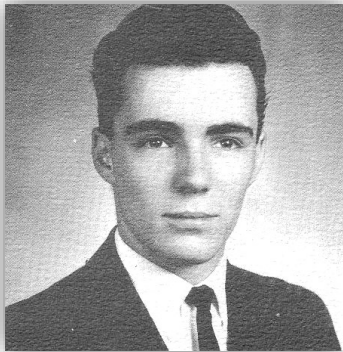

Jed Schaiman 1959

Thanx for sharing, Jed. You do have your priorities. BTW, which is more important for you, sleep or bathroom?

Your friend,

Henry

A fond farewell...

Sorry to hear about problems in Hicksville. Perhaps a quarterly news letter would be more manageable? I do enjoy your work.

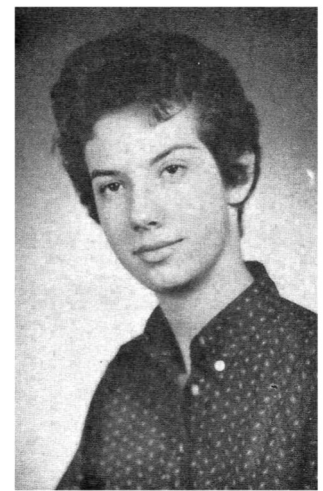

Bob Redmon 1963

Editor note...Elliot Gorlin from the class of 1963 has accepted the challenge and will take over the reins beginning with the July issue. Thank you Elliot.

Bob, though I don't know David, I'd appreciate it if you would send him my thanks for all he's done for us.

Thanks

Kathy McDonald Corey 1960

Thank You All

It has been my privilege and honor to help out with the Newsletter for the past three years. Every "Thank You" meant a great deal to me and made the long hours worthwhile. Thank you, Kathy McDonald Corey for that special thanks this month ☺

Best of luck to Elliot Gorlin though I know he'll do just fine. I can't wait to see the changes he can bring!

And thanks to all the Editors of the Newsletter. A better group of supporting, caring people you will never find. If any of you find yourselves in South Florida, please look me up and the beers are on me!

See you all later!
