

**The Hicksville Fire Dept. Chiefs, Commissioners, Jr. Fire Fighters and advisors for a wash down of all the monuments at the Middle School Memorial Park.**

**The Superintendent of the Hicksville School District, Marianne Litzman and Mr. David Bell, the Superintendent of Buildings and Grounds and their staffs for granting access to the grounds when needed by the construction committee.**

**On a personal note, I think we should also honor the magnificent Hicksville Public School District for providing this community with the finest teachers in the world...teachers who provided not only education, but by their examples, the moral guidance that led to love of country culminated in the brave and selfless service we honor today!**

**Thank you all for coming. Enjoy the rest of your Memorial Day!**
